

# Climb Edwards Mountain

A virtual fundraising challenge for

## Edward's Trust

**Height:**  
**9,076 ft**  
**2,766m**

**Climb 13,830 steps**  
of your staircase\*

### The Maths

2,766m (height of Edwards Mountain)

DIVIDED BY height of step (eg 20cm height = .20) This is the average height of step.  
= 13,830 steps UP (total which is equal to the total height of Edwards Mountain)

\*down does not count!\*

DIVIDED BY number of steps on staircase

DIVIDED BY number of days in the month of Jan (31)

=? times of stair climb per day

(but you can of course do a different amount of climbs per day)

Edwards Mountain is situated in the US State of Montana
